DEALING WITH PEST IS STRESSFUL!

Welcome to Plateau Pest, your reliable partner for effective pest management. We are a locally trusted company dedicated to helping homeowners and businesses across South King County protect their properties from unwanted pests. Our goal is straightforward: to deliver safe,

effective, and affordable pest control solutions that provide you with complete peace of mind.

Get scheduled Today! 425-873-8594

Our Pest Control Services

We offer 25+ pest control services across Kent and surrounding areas, providing reliable solutions to protect homes and businesses from every type of pest.

Ant Control

Stop ants from invading your kitchen, yard, or office. We identify the source and use safe methods to eliminate colonies and prevent re-infestation.

Wasp Control

Protect your family and property with our professional wasp nest removal. We ensure complete safety while keeping wasps away from your living space.

Bed Bug Control

Say goodbye to sleepless nights. Our bed bug treatments target every stage of infestation, from eggs to adults, ensuring your home is comfortable again.

Flea Control

We offer pet-safe and family-friendly flea treatments that not only eliminate fleas but also safeguard your space from recurring issues.

Mosquito Control

Our mosquito reduction plans keep your yard enjoyable. Using eco-conscious methods, we minimize mosquito populations for lasting relief.

Rodent Control

Rodents can cause damage and spread disease. We offer humane, effective rodent removal and prevention to safeguard your property.

Pest Proofing

Prevention is the best protection. We seal entry points and apply protective barriers to stop pests before they get inside.

Roach Control

Cockroaches spread germs and multiply fast. Our fast-acting treatments eliminate roaches and create a healthier environment.

Spider Control

Our spider control service removes webs, reduces populations, and helps keep your property pest-free long term.

Squirrel Removal

If squirrels invade your attic or property, we provide safe and humane removal solutions while preventing future entry.

Tick Control

Ticks are harmful to pets and people. Our outdoor treatments reduce tick activity and protect your family year-round.

Termite Control

Termites silently damage structures. We provide detailed inspections and proven treatments to protect your investment.

Bee Control

Our bee removal services are safe for both your family and the environment. When possible, we relocate bees responsibly.

Bird Control

Our bird control services are safe for your property and environment. When possible, we deter and relocate birds humanely to prevent damage and maintain.

Let Us Protect Your Space

Be careful not to let pests take over your premises. Whether you need immediate help or long-term pest management, Plateau Pest is here to deliver results you can count on. Contact us today to schedule your free inspection and discover why we are a top choice for pest control services in South King County and surrounding areas.

Safe, Family-Friendly Solutions

Your safety is our top priority. We use eco-friendly, pet-safe methods to eliminate pests effectively without putting your loved ones or the environment at risk.

Certified Experienc Professionals

Our team of licensed technicians has years of hands-on experience tackling pests like ants, spiders, rodents, termites, and more. We deliver results you can count on.

100% Satisfaction Guaranteed

Enjoy peace of mind knowing your pest problem is covered. If pests return between treatments, so will we – free of charge. beause customer Satisfaction Guaranteed
